

June 2018 e-Newsletter

Belong To Something Special

Register for Freedom's New Fraud Alert System

Freedom's first priority is to protect you and your finances from any type of potential compromises. In light of the rash of recent breaches at several retailers, we are taking proactive steps to strengthen our fraud prevention processes.

Our new, automated system will reach you faster by text or phone with information you need to identify potential fraudulent activity, and stop it immediately. We'll even have live agents on stand-by, ready to help you at any time.

The new system allows you to receive an automated call that easily walks you through reviewing suspicious activity on your card. In addition, you can sign-up to receive text messages on your mobile phone.

Our new automated system includes:

Immediate Alerts

When suspicious activity has been detected on your account, our automated system will contact you by text or phone.

2-Way Communication

You can take action the second you receive your alert – by texting the provided command word, or interacting with the automated phone system. Simply follow the instructions to answer questions regarding your recent card activity.

Real-time Support

Our live agents are ready to assist you at any time to ensure you receive the best defense exactly when you need it.

To receive the full benefit of our new automated fraud prevention system, log into Online Banking [here](#) to register.
